

BACHELOR OF RELIGIOUS EDUCATION

This degree program prepares students to be Christian educators serving both the church and/or Christian schools. Students gain an understanding of.

- Biblical tenets of the church in its historical and modern contexts
- Christian education pedagogy and child development psychology
- The Word of God through systematic study and application

Upon completion of the program students should demonstrate competence as servant-leaders in:

- Modeling Christian characteristics in daily living situations
- Serving as educational administrators, supervisors or teachers in a Christian school or related ministry
- Planning and developing Christian education curricula for churches, schools and parachurch organizations
- Developing Christian education programs for adult learners
- Effectively communicating the Word of God under the inspiration of the Holy Spirit
